Simcoe Office Products brings CSI (Corporate Savings Investigation Team) to Simcoe County

Simcoe Office Products, an office supply company that is committed to saving you time and money on your office & furniture purchases. After providing the Barrie and Simcoe County community with all of their office supply needs for over two decades, Simcoe Office Products has now launched CSI, a Corporate Savings Investigation team, that is a no obligation purchasing analysis program designed to save customers potentially hundreds of dollars every year.

After a thorough review of a company's office supply purchasing trends, the expert team of CSI sleuths can recommend many cost savings suggestions such as quantity price discounts for high usage items, less expensive but equally effective alternatives to high price items, and tailoring an efficient purchasing process to each company's unique needs and requirements. Through the Corporate Savings Investigation program, Simcoe Office Products will also provide a customized

detailed report highlighting where expenditures are going by department, branch, or cost center.

Simcoe Office Products delivers exceptional service to every customer, and is proud of their reputation for providing local, personalized service. Sales reps are assigned to individual organizations to ensure no cost saving details are missed, and live operators are always standing by to accept orders in real time. Many companies have seen savings of up to 50 percent in their annual office supply product purchases after taking part in the CSI program. To see how much money you can save, put Simcoe Office Product's corporate investigation team to work and call today.

With one call, one source and one delivery, Simcoe Office Products is your single solution for all of your office needs. Simcoe Office Products is located at 40 Mills Road, Unit E in Barrie.
